Authority Board

The Shanksville-Stonycreek Municipal School Authority was organized on October 26, 1953 for the purpose of constructing an addition to the present school building. This board was responsible for hiring the architect, selecting the contractors, and for the general financing of the new building. These men were appointed by the Shanksville-Stonycreek Joint School Board. They have spent many hours of their time and talents in order that our new school plant could become a reality.

The present officers elected in December are: President, Harry Smith; Vice-President, Arthur Poorbaugh; Secretary, Vernon Spangler; Treasurer, Kenneth Ross; and member, Harold Glessner.

Mr. C. H. Glessner retired from the board in December.

Princess Candidates

Ila Gay Miller, Alice Jean Glessner, Kay Hillegas, Julia Evans, Patricia Ann Pile

Maple Princess Chosen

The old song, A Pretty Girl Is Just Like A Melody, still holds true. This year there were five senior beauties who competed to represent our school at the annual Maple Festival. For their talent numbers Alice Glessner and Patty Pile presented original dramatic readings, Ila Gay Miller and Julia Evans also presented readings. Kay Hillegas sang a popular song. The beauties were judged on their poise, talent, ambition, beauty of face, personality, education plan, beauty of figure, charm, dignity, and general appearance. The total vote showed that Miss Ila Gay Miller would ably represent our school at the festival. She is the very charming daughter of Mr. and Mrs. Harold Miller of Lambertsville.

THIS WAS OUR HIGH SCHOOL LIFE

It was August of 1952 when forty of us were in two homerooms, Mr. Orledge's and Mr. Wetzel's. Our first president was Patty Pile. Her co-officers were Dorothy Glessner, vice-president; Nina Huston, secretary; Edna Miller, treasurer. Joe Wilt and Kathryn Browning represented us as council members. We provided three cheerleaders, five basketball men and were active in F. F. A., F. H. A., All-County Band, Central Western, School Band, and Chorus.

By August of 1953 we had lost three classmates; there were but thirty-seven of us. Our elected officers were Verdean Hunter, Joe Wilt, Edna Miller, and Kathryn Browning. Our council members were Beverly Veil and Bill Horne. That year we were represented on the Vilet Staff. It was in May that we ordered our class rings. School was becoming more interesting every year.

We again reached the figure forty as a Junior Class. Mr. Snyder acted as our advisor. Beverly Veil, Neil Walker, Charlotte Spangler, and Edna Miller were the officers that year. Council members were Nina Huston and Sam Sorber. That year we began feeling like mature persons. We earned our class rings and presented a successful and well-accepted class play, "Gallopung Ghosts." The Seniors were our guests at a gala banquet at the White Star Hotel. It was like making a debutante of each girl present. We were proud of our Junior basketball men and of Neil Walker who "made" State Chorus.

The Class of 1956 now had thirty-six members. Finding themselves in Mr. Miller's room convinced us that we were seniors. That was the year for which we've been waiting. We were under the leadership of Neil Walker, president; Joe Wilt, vice-president; Shirley Pebley, secretary; and Edna Miller, treasurer.

To dress-up for our pictures was the life lived only by the seniors. That was the year for our last class play, "Sittin' Pretty," presented in November, the year to sell magazines, sponsor a Christmas Dance, take school more seriously, appreciate our last school year, enjoy all school functions restricted to seniors and to take one last journey together: a trip to New York.

How time flies! This was our school life.

SENIOR CLASS PROPHECY

It is 1966 now, and a lot of things have happened since the class of 1956 graduated from Shanksville-Stonycreek. Do you wonder what happened to the members of that class? Let's find out.

First, let's find a means of travel. We'll take one of the new rockets. As we enter the rocket, whom do we see in the doorway but Peggy Berkebule. She is the hostess on our rocket. She tells us her husband wants her to quit working soon, and she thinks she will. Her husband is the pilot on our ship.

Our first landing is in Chicago. We hurry straight from the rocket to the Baseball Stadium, where the Chicago Cubs are playing. As we find our seat, Bill Bowers strides up to the plate. He lets two strikes go by, then slams one out of the ball park. Bill is already a candidate for Baseball's Hall of Fame.

Cheering wildly next to us is a familiar voice. Looking over, we find Kay Hillegas and her two children. Naturally, she is cheering for her husband, Donald Blough, star pitcher for the Chicago Cubs.

As we leave the Stadium we run into the former Alice Glessner and her four children. Alice tells us she is on her way to join her husband in San Francisco.

We return to the airport and wander around a bit. Coming out of a building, we run into Patty Pile. She says she is the head Medical Secretary in a Chicago hospital. Julia Evans is head nurse in the same hospital. Julia's husband, Bill Horne, is vice-president of the First National Bank in Chicago, and Nina Huston holds a high position in the same bank.

Boarding our rocket, we find ourselves seated next to Charlotte Spangler. She says she is taking a vacation from Chet and the kids.

From our next stop, in Colorado, we go straight to Ruth Walker's ranch. Ruth married soon after she came west, and she and her husband are partners in a large beef and horse-raising business. Ruth always has room for a former classmate, and on their vacation we find Mr. and Mrs. Joe Wilt and their three children. Ha Gay said Joe is dealing in rare antiques, and painting in his spare time.

Leaving Ruth's we went straight to Hollywood. Passing a studio, we noticed a crowd of Bobby-soxers hanging around a stage door. As we drew near the door opened and Harry Stull stepped out. After he finished signing autographs, we went over to talk to him. He said he'd been working in pictures for three years. He just finished the remake of "Gone With The Wind" in cinemascope.

He asked us if we'd seen Neil Walker, who was in Hollywood with his orchestra doing the "Life of Harry James" in cinerama. David Landis, millionaire Hollywood director, was producing and directing the picture.

We fly from Hollywood straight to New York, and register at the new "Hememeyer Hotel," one of a chain of hotels owned by Terry Hememeyer, multi-millionaire. Terry is known to his fond employees as "Hinkle."

The room clerk is Elda Burke, whose husband manages the hotel. Glancing at the register, we see the names of Mr. and Mrs. Sam Sorber. Going to their apartment we find that Sam is a Diesel Mechanic, working near New York, and he and his wife always in on weekends. During our talks, he mentioned that Jim Knepper is working as an engineer in South America. Going through the lobby, we meet Beverly Veil and find that she is teaching music at a high school in New York.

On the way home we stop in Washington, D. C., and find Verdean Hunter, Edna Miller, and Dorothy Glessner rooming together, while their husbands are overseas. Kathryn Browning and her husband also live in Washington, but they were not home when we called.

As we drive toward home, we pick up speed, and soon we hear a siren behind us. We pull over, and a Sargeant of the state police comes to the window and pushes back his cap. It is Ronald Trent! He is very friendly, but as we drive home we have a ticket in the glove compartment.

We return to Somerset, stopping at Weigles' Garage, owned by Tom and Yvonne since 1960. Bill Miller, their chief mechanic, hopes to open his own garage next week.

Walking up a street, we pass a Barber Shop, which turns out to be owned by Eddie Hillegas. He gets a lot of trade, and the President of the United States often stops there.

We meet Bob Hillegas, who tells us his wife, Shirley Pebley, and the kids are fine. He has a 250 acre farm, on which he raises potatoes, and dairy cattle. He tells us also that Donald Walker and Larry Brant own large farms near him, and Patty Foster and her husband, Manford Martin, own a farm near Friedens. Nancy Lambert and her husband, Harold Shaulis, also operate a large farm.

Walking on, we meet Dorothy Mostoller coming down the street. She is manager of Newberry's and her husband works in Johnstown.

This is the future of the class of "56, Shanksville-Stonycreek High."

CLASS HISTORIES

JUNIOR CLASS

The members of the class of 1957 are proud of their position as Juniors and we are looking forward to the day when we shall be the Senior Class of the Shanksville-Stonycreek Joint High School.

We were represented on the Student Council by Lee Lowry and Kenneth Peterson. Our class was active in band, chorus, Chiechoman Staff, Viklet, F. F. A., F. H. A., and All-County, District band and chorus. We also had eight boys from our class participating on the basketball teams and two girls leading the cheers.

We received our class rings. We had a successful class play and feted the class of 1956 to a wonderful Junior-Senior Prom.

Oh, before we fill up our allotted space, we must acknowledge the two people most essential to our Junior class, our advisors, Mrs. Doak and Mrs. Lowry.

Our class officers were: President, Charles Miller; Vice-President, Henry Veil; Secretary, Kay Weigle; Treasurer, Margie Bowers.

.

SOPHOMORE CLASS

August 29, 1955 found forty anxious sophomores crowding into their two rooms under the guidance of Mrs. Barron and Mr. Lowry. The officers elected for the year 1955-56 were: President, Eddie Duppsstadt; Vice-President, Donna Ross; Secretary, Bonnie Miller; Treasurer, Barbara Glessner; Student Council Members, Shelby Hillegas and Larry Collingwood.

A Soc-Hop was held in October. Our members were active in Senior Band, Mixed Chorus, Girls Ensemble, All County Band, Basketball, Cheerleading, F. F. A., F. H. A., Viklet Staff, Art Club, and Intramural sports.

The class motto was "Truth is the Main Highway to Success." The class flower was the white carnation, and the class colors were blue and white.

.

FRESHMAN CLASS

The Freshman class started the year with a bang, as we promptly elected Jim Glessner, president; Gerald Weigle, vice-president; Judy Ware, secretary; and Joyce Lauer, treasurer. Class meetings were held throughout the school year, with our advisors, Mr. Orlidge and Mr. Damico, helping us with their co-operation and suggestions. Several activities were held during the school year.

Some of our 43 members participated in band, chorus, student council, basketball, cheerleading, F. F. A. and F. H. A.

Student Council

There was a very hard-working student council. Meetings were held every Monday morning and the presence of Mr. Franklin, Captain Mr. Robert Sneyd, and Mr. Eusebius, along with school professors and worthwhile people were discussed. The school was a success. This year was to have a football game and basketball.

[illegible]

The first two steps are the same as in the previous example. The third step is to find the value of K that makes the system stable. This is done by setting the determinant of the characteristic equation to zero and solving for K . The resulting equation is a cubic in K , which can be solved using the quadratic formula. The solutions are $K = 0$, $K = 1$, and $K = 2$. The system is stable for $K = 0$ and $K = 1$, but unstable for $K = 2$.

Chicahonian Staff

The Chicahonian Staff of 1956 was as busy as beavers working on an interesting and better yearbook. We want to express our gratitude to all of our teachers who helped us prepare our book. We extend a special thank-you to Mr. Orlidge our worthy advisor. The command to watch the birdie were given by Mr. Cover of Johnstown and our own Mr. C. R. Wetzel. The staff hopes you have enjoyed our book as much as we have publishing it.

Future Teachers

The Shanksville-Stonycreek Chapter of the Future Teachers of America was organized last November. This organization is of high school students who felt like they might like to enter the education profession. By means of chapter programs the prospective teachers become better acquainted with the responsibilities and privileges of the teaching profession. The chapter had joint meetings with other chapters in the county to discuss ways to attract the best students into the profession.

Viklet

Our school newspaper has come off the press once every month after much hard work. The advisors were Mrs. Doak and Mr. Miller. The editor, Charlotte Spangler, was assisted by her seventeen staff members and the Senior Office Practice Class. Many hours of thought and work were put into each edition of the Viklet. We have tried to publish a paper of interest to the student body as a whole, and for our reward we hope that you, the reader, have enjoyed it.

F. F. A.

The Future Farmers of America is a National organization of students enrolled in vocational agriculture. It is an organization in which members may practice good leadership that can be useful in the future to help in the development of better knowledge of modern living and farming methods.

The Stonycreek Valley Chapter completed a very enjoyable and successful year.

The officers went to the County Leadership Training conference in October. We also had the initiation of new members, making a total of forty-eight members in the organization.

The members attended the State Farm Show in January at Harrisburg, Pennsylvania.

All members helped in selling Christmas trees, onion plants and vegetable seeds.

The annual Father-and-Son banquet in March was the main social event for this year.

Other activities included F. F. A. week at State College in June, and our Project Tour in August.

Each member set for himself a high goal, with the F. F. A. Motto in mind.

 Doing to learn
 Earning to live
 Living to serve."

Driver Education

This year the Driver Education class goal was "Learning To Be A Safe Driver". There were a number of girls and boys who received their driver's license, their test being given at the school. Five students and Mr. Schultz, our instructor, attended a driving conference at the California State Teachers College. The second semester the tenth grade were given the book work on driving so that next year they will have the fundamentals to start their course. The Runner Oldsmobile, Inc., of Somerset provided the school with a 1955 Oldsmobile driver-education car.

Members of the National Honor Society: Spangler, Nina Huston, Faye Walker, Dorothy Glessner, Alice Glessner, Shelby Glessner, Sally Glessner, Elsie Fritz, Sandra Whitaker, Mrs. Orledge.

National Honor Society

The purposes of the Honor Society are to create an atmosphere of scholarship to stimulate a high standard of service to the community and to encourage the advancement of knowledge in the high school.

Members must attain three As and two Bs over the year. A minimum of one hour of service must be given in two separate activities. The student must receive a recommendation from a teacher to be admitted as a member. The total membership at no time exceeds more than 15% of the classes grades 9-12. The selection of students is based on their academic record.

A Library Club was organized this year. The purposes of the club are to mend the library books, learn to file cards, to use the card catalog, and to know the arrangement of a library. The aim of this club is to stimulate the students' interest in books. This is done in various ways: special bulletin board displays and inviting orderliness of the library are responsibilities of the club.

The officers are: President, Faye Glessner; Vice-President, Mary Spangler; Secretary, Evelyn Spangler; Social Chairman, Barbara Emert.

Boys' Cooking Club

The boys' cooking club was organized with 14 members. The officer—Chef—Richard Duppstadt and his assistant—Merle Schuncker—met each a month. The purposes of this club were to acquaint the boys with simple technique table setting and proper table manners.

They were better candy makers than the girls. The boys fudge was top quality while the girls fudge was just so-so. Learning to set a table properly was another interesting meeting. In all their meetings the boys prepared a menu for their mothers. All mothers of these should be able to take a vacation from cooking as the boys take over.

School Lunch

A completely new cafeteria was placed in operation last September. On an average over 400 lunches are served to our children and teachers. The lunches are supplemented by free milk furnished by the State Department of Agriculture each month. Mrs. Meyers Knepper is the cafeteria supervisor and is assisted by five cooks and some student help. Mrs. Coleman is the assistant supervisor. Monthly reports are submitted to the State Department of Education for their inspection and approval.

Varsity 1955-56

The Shanksville-Stonycreek Vikings had lots of high hope for the 1955-56 season, but little experience, for last year's graduation hit the squad very hard. Coach Lowry had only Sammy Sorber and Joe Wilt, letterman from last year around which to build a team. Nevertheless, the Vikings had a job to do and a job was done well by the excellent coaching and hard work of all the boys who made the squad.

Sammy Sorber, a guard weighing only 156 pounds and standing just 5'9½" always came through when the going got rough.

Joe Wilt, a forward worked very hard and should be given credit for making the team successful.

Neil "Mick" Walker, our big boy center knew how to make those hook shots and really proved it.

Charles Miller, another guard, a junior, came in very handy with his long shots.

Another member of the squad was Jim Knepper, a guard, who could dump the ball in from under the basket.

Bill "Gunner" Bowers, a forward, weighing 178 pounds and standing 5'11" could have been given the name "ball stealer" because he was always in there fighting for that was the "big six" as the season began.

Bob Lauer, Harold Knupp, and Forrest Hauger were also very capable substitutes. They had to face a very tough schedule of 26 games set up for them by Mr. Clyde Long, faculty manager.

Junior Varsity 1955-56

The "Little Vikings" like their big brothers on the Varsity squad, had a very successful season, winning 12 out of the first 19 games. It would seem to indicate that we will have experienced replacements for next year's varsity.

The five Juniors, four Sophomores, and six Freshmen who had to work hard to round this team into a winning combination were: Harold Knupp, Forrest Hauger, Bob Gibson, Bruce Scott, Henry Veil, Wilson Sorber, Calvin Fulton, Kenneth Manges, Eddie Duppstadt, Arthur Frye, Lee Emerick, Don Custer, Dick Custer, Larry Ross, and Roy Menear.

Congratulations boys and lots of luck in the future

VIKINGS TOPPLE ROCKWOOD

ROCKWOOD — High-flying Stonycreek made Rockwood its eighth consecutive victim, fifth in Class B League competition, last night in a 61-54 encounter on the Rockwood hardwood.

The victory jumped the Vikings of Coach Ken Lowry to a full game atop the "B" circuit with the pace-setters holding an unblemished 5-0 mark. Rockwood, an early season leader, slipped two games from the pace with a 3-2 chart.

Despite the seven-point margin at the finish, the Vikings were hard-pressed in picking up the victory. Rockwood spurred in the final stanza to pull within two points of the lead twice but failed to nudge ahead. Midway in the round Stonycreek held slim edges of 50-48 and 52-50 before pulling away.

Rally Before Half

The Vikings gained their biggest point margin, 18-12, in the second chapter which finished in the midst of a point-pouring spree. In the closing 60 seconds, Stonycreek heated the nets for six straight points.

The winners won scoring edges in every period except the third when they were bested only by one point. Neil Walker connected for 20 markers to spark the victory. Top point man for Rockwood was Ray Hostetler with 12.

The Rockwood junior varsity chalked up the preliminary contest victory, 39-31.
